

Lapland Husky Adventure

6 days/5 nights/4 days with the huskies

During the 4 day husky tour you will drive through the changing beautiful landscapes of the Pallas-Ylläs National Park in North-West Lapland. Your trails will go through birch, spruce and pine forests and along open moorland, and across the frozen lakes. You drive your team of huskies up the Lappish fells and through fairytale like woodlands with snow covered trees with their branches bending under the heavy snow. Some parts of the National Park have been voted as one of the most beautiful landscapes in Finland.

In a short time you will get to know your dogs. After spending the days on the trail together and after looking after them the four-legged friends learn to trust you and you learn to trust them - a special kind team spirit!

Your nights are spent at the beautiful log cabin in the wilderness by a frozen lake. At the camp there is also a sauna building and a tepee style timber "Kota" kitchen where the meals are served by an open fire. Meals are delicious Finnish home cooking. Most diets are catered for if you let us know in advance.

In the evening you heat the sauna and warm water in the pot for washing and for dog food. When the daily wilderness chores are done you and the guide meet in the Kota for a home cooked evening meal and chat about your day. After lunch you will go back on trail with the dogs. As you get back from the tour the accommodation is warm. Before the evening meal we heat up the sauna and get water from the lake for the dog food and for washing. After relaxing in the sauna you will then enjoy an evening meal together in the Kota where an open fire warms in the middle.
